# XIAN DAI ARCHITECTS IN OREGON PROGRAM
## VISITING SCHOLARS FROM PRACTICE

| Family Name | Given Name | Title | Age | Hometown | | | Achievements | Interests |
|---|---|---|---|---|---|---|---|---|
| BAI | Xiao song | Designer | 30 | Hubei | B.Arch'04 Wuhan UST | M.Arch. 07, Southeast U Nanjing | Awards for Urban Landscape planning, urban & rural construction. Resort, office, educational, retail complexes. | Interested in the creative process, ways to combine Art and Architecture. Researched dillier & scofidio |
| DING | Shun | Asst. Chief Archt, Creative designer | 29 | Changzhou | B.Arch'05, Suzhou Inst of Urban Const & Environ | M.Arch.'08, Southeast U, Nanjing | Museum, Int'l Financial Center (competition winner), Hotel. Published articles on Wayfinding, Space Syntax, Creative BIM use | The connection of building design and urbanism; Innovative combinations of tradition and modernism. |
| PAN | Haixun | Senior Architect | 35 | Heilong Jiang | B.Arch'00 Harbin Inst of Tech | M.S. Arch Harbin Inst of Tech | 2 architectural design awards, 1 urban design award : Ukraine CBD, 3 Sports centers, 2 Gymnasiums, 1 Cultural Center | Analysis of sports facilities |
| SU | Chang | Chief Architect | 32 | Chengdu | B.Arch'02 Zhejiang | | Awards for Tech Park+Incubator, Bank HQ, Green analysis & Creative BiM work. Very large projects (exhibitions, high-rises). Researched ETFE membrane for a cold-climate greenhouse, Compiled bank building data. | Cross-cultural comparison of architecture in China and the US. |
| WANG | Tao | Schematic design group leader | 35 | Harbin | B.Eng'g'99 Harbin Inst of Tech | M.S. Arch '06, Harbin Inst of Tech | first prize for a young architect exhibit, 8th place in the int'l competition for the World Expo's China Pavillion. Designed large mixed use complexes, cultural centers, libraries, hotels | Comparative architectural design research |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| XIAO | Fan | Engineer | 31 | Shanghai | B.S.Arch '04, Shanghai U Fine Art College | | Awards for renovation of the Great World Entertainment Center, one of Shanghai's landmark buildings, Library and Art Museum. Hotel | Historic preservation and architectural design philosophy; handmade furniture, ceramics, and vintage artifacts |
| XIE | Jun Hui | Chief Architect | 33 | Guangdong Province | B.S.Arch '01 Shanghai Jiaotong U | | Commercial Centers,Office Buildings, Hotels, School, Dance Center | Comparative research on the influence of culture in the American and Chinese building designs |
| ZHANG | Yan Dong | Past: Assisted Conceptual Design, now Engineer | 32 | Shanghai | B.S.Arch'03 Tongji University | | Awards for Shanghai Eco-home exhibition hall design & Data + Call center, Top employee awards, youngest member of the Technical team. Disneyland Shanghai, Office headquarters, 5 star hotel (100,000 s. meters!) | Diversity of architectural styles in the US and China |
| ZHU | Wang wei | Vice President | 41 | Shanghai | B.S.Arch '92, Shanghai Inst of Urban Construction | | Many design awards, including urban design for two universities and a rural village and a new residential neighborhood for those displaced by the World Expo. | Eco-design of large-scale public buildings and residential buildings |
| ZHU | ZiYe | | 30 | | B.Arch.'04, Sichuan Fine Art Institute | M.Arch '08, Chongqing, Tshinghua workshop | Several Architectural awards. Versed in parametric software. Specialized in skyscraper & airport design. Contributed seismic reinforcement to earthquake disaster area | Theoretical study of architectural aesthetics including nonlinear and parametric design, watercolor. |

# Bai Xiaosong

**Personal Information：**
Sex: male
Birth: 06 / 03 / 1981
Place of birth: Hubei, China
ADD:5F,No.268 shimen 2 road, shanghai, china
TEL: 86 13636351530
E-mail:776124456@qq.com

**Education:**

1999-2004 School of Architecture, Wuhan University of Science and Technology, Bachelor of Engineering
2004-2007 School of Architecture, Southeast University, Master of Architecture

**Professional Experience:**

2007-Present Shanghai Xian Dai Architectural Design(Group) Co.,Ltd. Creative architects

Expert in architecture creation, including office、hotel and commercial buildings…
Expertise in various architecture models and technical skills. Proficient in hand sketching drafts and computer aided drawing.
In addition, I am interested in the combination of architecture and art.

**Awards:**

2006 The Research of Changzhou Urban Space Landscape Planning
Won the second prize of excellent survey and design of urban and rural construction in Jiangsu Province in 2008
2008 Zhoushan Institute of Education
Won the architecture creation excellent work prize awarded by architectural society of shanghai
2009 The 8th Shanghai (international) Young Architects Design Exhibition

**Papers and publications:**

[Body and Media——Work Research of diller and scofidio]
Volume 7, 2009, Architecture and Culture

**Practical Project:**

2008 Kunshan Wanxun Headquarters Building
2008 Zhoushan Institute of Education
2009 Resort Hotel in Kuncheng Lake, Changshu
2010 Baoshan Shopping Mall
2011 Yunnan Newspaper Media Square
2012 Wujiang Hotel

## Personal Information

Sex:Male Birth:01/19/1982 Place of Birth:Changzhou, China

*8F，268 Shimen Er Road, Shanghai China | 86-13816151930 | shun_ding@xd-ad.com.cn*

## Education

-Southeast University, Nanjing Sep/2005 – May/2008

Master of Architecture

-Suzhou Institute of Urban Construction and Environmental Protection Sep/2000 – Jun/2005

Bachelor Of Architectures

## Work Experience

- Xian Dai UD Architectural Design Institute, Shanghai May/2008 – present

Assistant Chief Architect

Creative Architect

## Skills

-Proficient in Microsoft Window, Microsoft Office, Photoshop Sketchup, AutoCAD, hand-painted design and practice ability

-Have full of construction experience

## Self Assessment

-Attracted by individual character buildings and architects, involved in architectural design for Years and participated in a lot of the architecture design project

-Have strong spirit of exploration on all work and projects

-Have strong logical and practical ability on design in architecture

-Have Independent ability and can adapted new environment in a short time

## Practical Project

-The Museum of Sanxia,

- Waitan International Financial Centre

-The Hotel of Xiexin

## My Public Thesis:

- Creative Idea Enlightened by BIM:Waitan International Financial Centre Design Competition, Architecture Technique, 2011.01-02, page 126-129

- Maze building: Design of The Enterprises Club in Nanputing, Nanjing, Archicreation, 2010.04, page 82-85

- The Intelligibility of Spatial Configuration and Way-finding Design, Modern Urban Research,

2008.09, page 54-59

- The Visibility Analysis of Space Syntax and Wayfinding Behavior, Architecture & Culture, 2008.05, page 83

# PanHaixun

## Education

- Harbin Institute of Technology Sep/1995 – Jul/2000

Bachelor of Science in Architecture

- Harbin Institute of Technology Sep/2000 – Jul/2003

Master of Science in Architecture

## Work Experience

-Shanghai Institute Of Architectural Design & Research(CO.,LTD) 2003-Present

State grade 1 registered architect, Senior architect

## Skills

-Proficient in Microsoft Window, Microsoft Office, Photoshop , AutoCAD, hand-painted design and practice ability

-Have full of construction experience

## Self Assessment

-Attracted by individual character buildings and architects, involved in architectural design for years and participated in a lot of the architecture design project.

-Have strong spirit of exploration on all work and projects.

-Have strong logical and practical ability on design in architecture, particulaly in Gymnasium.

-Have Independent ability and can adapted new environment in a short time.

-Strong interested in architectural design, painting, and photography.

## Award:

-The Architectural Creation Award of Excellence by Shanghai Xian Dai Architectural Design Group (Algeria Sports Center)

现代设计集团建筑创作佳作奖（阿尔及利亚体育中心）

-The Architectural Creation Award of Excellence by Shanghai Xian Dai Architectural Design Group (Ukraine CBD)

现代设计集团建筑创作佳作奖（乌克兰中央商务区）

-The third prize of excellent engineering design, Shanghai 2011(Weifang Gymnasium)

上海市优秀工程设计三等奖 潍坊体育馆

## Practical Project

-Kelamayi Gymnasium

-Weifang Gymnasium

-Shanghai Oriental Sports Center

-Shenyang Culture Art Center

-Tianmen Sports Center

# Su Chang

## Personal Information

Sex:Male Birth:03/04/1979 Place of Birth:chengdu, China

*6-602, lane 65, westsuzhou Road, Shanghai China|86-18602158226 | suchang@siadr.com.cn*

State Class 1 licensed architect,2007

## Education

-Zhejiang University Sep/1997 – Jul/2002

Bachelor's Degree in Architecture

## Work Experience

Shanghai institute of architectural design & research(CO.,LTD): 2002 - Present

Architect- Director Archirect

## Skills

Expert in Conceptual design building technologies, and Project Management

Coordinate complex and Large-scale projects.

Expertise in various architecture models and technical skills.

Proficient in hand sketching drafts and computer aided drawing.

Take concepts to creation while effectively managing all resources.and Solve various project program

## Self Assessment

Created unique architectural designs according to client's demand.

Had much Conceptual design for various kinds of buildings

Managed several Large-scale construction .though the whole process design,from concept to Completion.

Including Commercial&office buildings , reach 100,000-400,000 Square meters; Bank building；Exhibition Buildings;high-rise buildings. also Special-type construction like green house in Heixiazi Island， at the most northeastern spot of china. most used by Curtain wall .

Attempting a lead design for an green house using mostly ETFE Membrane,and reseaching for external Material of green house in very cold region.

Responsible for Compile Bank building Data set of architectural design for Architectural Society of China.

## Award:

-The 2nd Architectural Creation Award of Excellence by ASSC (FUDAN Science and Technology park Incubate Station)

上海市建筑学会第二届建筑创作佳作奖（复旦科技园数字孵化基地）

-The 4th Architectural Creation Award of Excellence by ASSC (Nanxun Bank Headquarters building)

上海市建筑学会第四届建筑创作佳作奖（南浔银行总部大楼）

-The second prize of excellent engineering design, Shanghai 2005(FUDAN Science and Technology

park building)

上海市优秀工程设计二等奖（复旦科技园大厦）

Third Prize of The Seventh Shanghai International Young Architects Exhibition(FUDAN Science and Technology park Incubate Station)

第七届上海国际青年建筑师作品展三等奖（复旦科技园数字孵化基地）

First prize of Collaborative design,Second prize of project ,second prize of Green analysis,second prize of architectual design In 2011“Imagine Cup”BIM Design Competition (heixiazi island greenhouse)

2011“创新杯”bim设计大赛 协同类一等奖，工程类、建筑类、绿色分析类二等奖

**Practical Project**

Suzhou Nison building

Heixiazi island greenhouse

Nanxun Bank Headquarters building

Wuzhen Grand Theatre

# Wang Tao

## Skills

-Proficient in Microsoft Window, Microsoft Office, Photoshop ,Sketchup, AutoCAD, hand-painted design and practice ability

## Self Assessment

-participated in plenty of the architecture design project, many of them are rewarded

-designs mainly focus on residential constructions and large-scale public buildings

-Have strong logical and practical ability on design in architecture

-Have Independent ability and can adapted new environment in a short time

## Awards

1. World Expo Garden Pujiang the fifth Neighbourhood

   Won2008 third prize of engineering survey and design industry, excellent engineering survey and design industry

   Won first prize of Outstanding residential projects in Shanghai residential design project in 2006

   Won the first prize of Architectural Creation Award of Excellent by ASSC2006
2. Gu village new site on the 1st base design for Shanghai XINJIA residential buildings in Baoshan district

   Won the second prize of Shanghai urban and rural excellent planning and design2009
3. East China Normal University

   Won the third prize of excellent city planning and design ,Shanghai2005

4 . East China University of Science and Technology

   Won the first he first prize of Architectural Creation Award of Excellent by ASSC2006

## Practical Project

- Shanghai World EXPO Garden
- Gu village new site on the 1st base design for Shanghai XINJIA residential buildings in Baoshan district
-East China Normal University
-East China University of Science and Technology

**Papers and publications:**

1.[Shanghai World EXPO Garden planning and design for Pujiang Town]
Phase4, 2005, Journal of Architecture
2. [BIM technology applied in the Sheraton Hotel in Huzhou]
Phase6, 2012, Architecture Research Frontier
3. [At home and abroad affordable housing policy and design case]
Phase6, 2012, Shanghai Construction Science & Technology
4. [New city New home New life- Baoshan Gu village new site on the 1st base design for Shanghai XINJIA residential area ]
Phase6, 2012, Urban construction theory study

Your CV (您的简历)：

Archived bachelor degree at Sichuan Fine Art Institute in 2004.

Archived architecture master degree at Chongqing University in 2008

Employed by ECADI(East China Architectural Design & Research Institute Co., LTD.) as an architect in 2008.

**Research interests：**

Nonlinear and parametric architecture creation, Theory study of architectural aesthetics

**Education：**

2000.9-2004.7 Department of Architecture Art, Sichuan Fine Art Institute, Archived bachelor degree.

2005.9-2008.7 Department of Architecture and Urban Planning, Graduate School of Chongqing University, Archived architecture master degree

2010.7-2010.8 Department of Architecture, Tsinghua University, Attended the workshop of non linear and parametric architecture design

**Master degree papers**

*Psychological Distance of Architectural Aesthetic*

**Occupational experience**

Employed by Original Creation Department of ECADI(Shanghai Xiandai Architecture Design Group East China Architectural Design & Research Institute Co., LTD.) as an architect in 2008. Over four years of architecture design experience. Versed in digital and parametric software. Special expertise in skyscraper and airport design. Gained original creation rewards many times from ECADI and Xiandai Group. Currently, Responsible for specialization design of airport in original creation department. Take part in reinforcement design of hospital and school for earthquake disaster area in Dujiangyan, Sichuan province and Yushu, Qinghai province.

**Prizes and awards**

Outstanding Youth Model of Architectural Original Creation，2012
Original Creation Reward，2011
Original Creation Reward，2010
Youth Excellence Paper，2011

**Language Abilities**

English, Chinese

**Computer Abilities**

Skilled in autoCAD, Photoshop, Indesign, Illustrator, Rhinoceros, Lumion, Sketchup

**Personal interests/hobbies**

Watercolor painting, Academic study in architecture aesthetics
