Instructor: Philip Washbourne 334D Huestis 346-4138 pwash@uoneuro.uoregon.edu

GTFs: Jennifer Hampton jhampton@uoregon.edu
Andrew Cvitanovich cvitanov@uoregon.edu

Office Hours: during lab prep. Thursdays 9am to 11am; 130 Huestis other times available by appointment

Jennifer: TBA
Andrew: Tuesdays 3:30pm; The Buzz

Textbook: Randall, Burggren, French; Animal Physiology, 5th Edition (available at bookstore and library)

Prerequisites: BI214 or BI253

Exams: There will be 3 exams. All 3 exams will be based on short answer questions. Only one of the two midterm exams will contribute to your grade. The midterms will be take home exams for which you will have at least 48 hours to complete them. The final exam will be conducted in class.

Grading: Grades for BI356 will be based upon lecture (60%) and lab (40%). The lecture portion of the grade will be based upon (A) course prep questions (5%), (B) one of the two midterms (35% each), and (C) a final exam (60%). The lab portion will be based upon lab reports.

Plagiarism: The written exams and lab reports must be your own work. While working in a group is encouraged for the lab reports, it is important to be able to formulate the group thoughts in your own words. Plagiarism will not be tolerated and 0 points will be awarded for that piece of coursework.
