I, _______________________________, understand and acknowledge that being a member of the University of Oregon Swim Club involves my commitment to activities outside of practice or meets, such as fundraisers. However, the University of Oregon Swim Club Board understands that I am a student and may have other engagements or commitments that require my time but being a member of this club requires me to put forth as much effort as I feel I can. By signing this paper I acknowledge these terms and will try to abide by them as much as possible.
