

With the motto "Beads with Benefits," e.h.dizzle.beadazzle is a beading company that was founded by Emily Hope Dobkin in 2008. Upon forming a team of leader beaders, e.h.dizzle.beadazzle continues to collect glass bottles to craft one-of-a-kind beads. This is done by committing the following acts:

First Act: We crush bottles

Second Act: We sort the crushed glass by colors

Third Act: We place the crushed glass into molds, and then place the molds into kilns

Fourth Act: We then poke holes into the hot glass

Fifth Act: We allow the beads to cool

Sixth Act: We hand paint each bead with tender love and care.

The seventh act involves less of "we" and more of "you." We leave this portion up to the Eugene community and beyond to "whirl wonderful things upon the strings."

With partnerships all over the world including Ghana, South Africa, Cambodia, and India, e.h.dizzle.beadazzle has established relationships with orphanages in these countries and has set forth a commitment to raise funds for these various organizations through a community production of beaded jewelry. In time, e.h.dizzle.beadazzle will go to these various countries and teach the art of beading to children of these lands so that their jewelry can one day be sold here in the United States.

...For those in Need!

This year's Bead Feed offers you a chance to create, care, and share. Using e.h.dizzle.beadazzle's own hand made beads from recycled glass, create a one-of-a-kind necklace or bracelet to be sold at this year's Holiday Market! All proceeds will go directly to the Sunrise Villages in Cambodia.

When: December 11, 2010

Where: M.E.C.C.A.
449 Willamette Street
Eugene, OR 97403

Time: 11:00 am-6:00 pm

The Sunrise Children's Villages are two orphanages located in Siem Reap and Phnom Penh, Cambodia. These orphanages are now known for caring for hundreds of orphaned or disadvantaged Cambodian children. Your support of these orphanages is an amazing gift that continues to give life, hope, education, health and a future to those who had nothing.

For more information, please visit the Sunrise Villages website:
