

URBAN MEDIASPACE AARHUS - DOKK1

Knud Fladeland Nielsen
and Peer Teglggaard Jeppesen

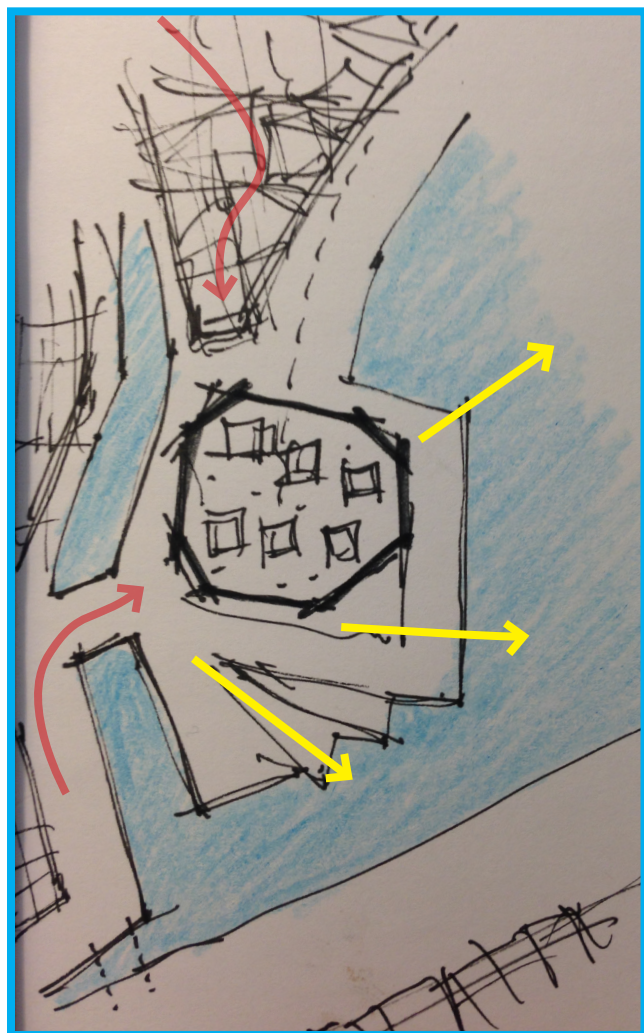

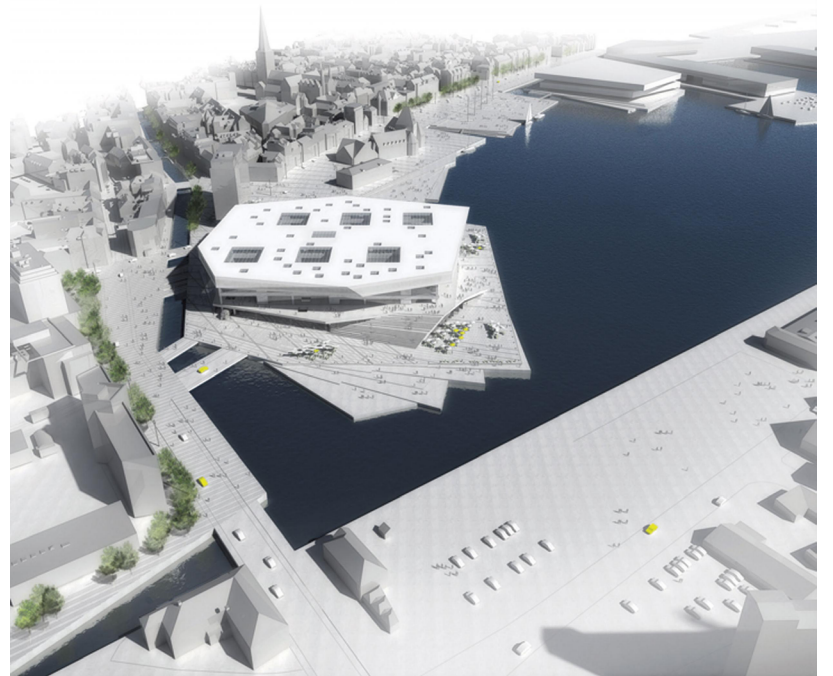

Aarhus, Denmark

“LIBRARY OF THE FUTURE”

- Main Library and Citizens' Service Center
- An open and accessible learning facility that provides opportunity for all people, children to adults
- Community Services Programs such as social and association activities, and networking.
- Promotes future media and community services to the people
- Engages with vivid and active urban space along the harbor.

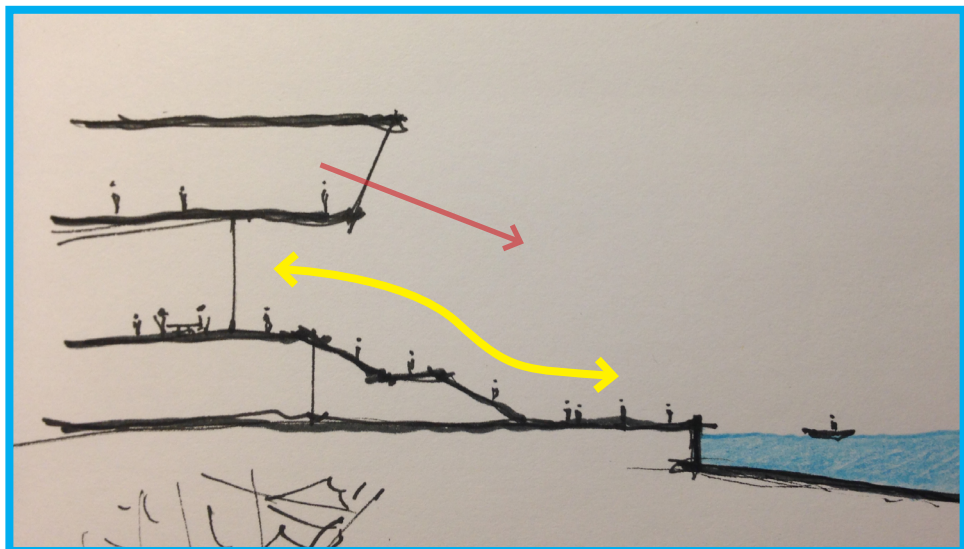

“Citizens and visitors can experience the convergence between city and water and an opportunity for new cultural activities, recreation, experiences and play.”
