

BI 358 Discussion Session 5

:00 I. Attendance. Q? Time to gather yourself prior to Quiz!

:05 **II. Quiz 2**

:30 **III. Small groups for discussion/key points of articles***

:45 **IV. Convene for class discussion**

:55 **V. Early release to work on paper drafts! If you receive outline feedback < 5 pm Wed, your draft is due next Tues.**

***To save \$3 in permissions fees per student per notebook (☹!), a U of O library link to the following articles were sent to you by way of e-mail:**

Beck G, Habicht GS. Immunity and the invertebrates. *Scientific American*, Nov 1996, Nov 275(5), pp 60-65.

Litman GW, Sharks and the origins of vertebrate immunity. *Scientific American*, Nov 1996, Nov 275(5), pp 66-70.

**NB: Next T Kraig Jacobson MD Allergy & Asthma Research!
Next Discussion: Quiz 3 + e-mail copy of paper draft to conoro@uoregon.edu or erutherf@uoregon.edu
+ e-mail & give copies to group members. Please provide feedback by e-mail (as part of participation score!).
Thanks sincerely! :)**
