SAGE

For 40 years, SAGE has worked tirelessly on behalf of LGBT older people. Building off the momentum of the Stonewall uprising and the emerging LGBT civil rights movement, a group of activists came together to ensure that LGBT older people could age with respect and dignity. SAGE formed a network of support for LGBT elders that's still going and growing today. SAGE is more than just an organization. It's a movement of loving, caring activists dedicated to providing advocacy, services, and support to older members of the LGBT community. LGBT elders fought— and still fight—for our rights. And we will never stop fighting for theirs.

Togetherness, friendship, community, and pride characterize SAGE's five New York City innovative senior centers. Each location—the Bronx, Brooklyn, Harlem, Midtown, and Staten Island—shows off a distinct style, and each presents a unique way to experience all SAGE has to offer, including: free or low-cost meals; daily cultural and social events; support groups; health, financial, and social services; friendly home visiting assistance for military veterans through SAGEVets; SAGEPositive program for elders living with HIV/AIDS; computer and internet access at CyberCenters.
