

COVID-Related Signage Removal Instructions

The time has come to begin removing signage that was deployed during the response to COVID19. Please read the instructions below, carefully.

Sign Removal Instructions:

- **See “Sign Removal” Section below to identify which signs, specifically, should be removed.**
Upon removal – please remove signage CAREFULLY and DO NOT throw away. While most signage does not apply at the present moment, it is important to remember that quick pivots could still occur throughout the 2021-2022 academic year as we monitor the situation on campus. Please keep old signage on hand in case changes to regulations/policies occur on campus throughout the year.
- **Updated face covering signage is being created and will be placed in 2 locations:**
 - a. 40 A-frames that are spread throughout high traffic areas of campus
 - b. 8X10 signage on mirror/door of each bathroom on campus.]
- **The following is comprised of signs that need to remain visible throughout campus. Please DO NOT remove the following:**
 - a. Updated face covering signage: Face Coverings/Masks Required indoors
 - b. Healthy Hand Washing
 - c. Masking up for Each Other
 - d. Eating/Drinking designation
 - e. Symptom Check
 - f. Stay Home if You’re Sick
 - g. Reporting COVID Concerns

If you have any questions, please reach out to the IMT at uoem@uoregon.edu.

Sign Removal

The following signage can be removed. Please remove gently and save as we may need them again.
