

STUDENT LIABILITY INSURANCE

Every year a current copy must be in your student file if you are taking practicum, externship, or supervision. The documentation must show the name of the person insured as well as the policy period effective dates. You may provide a printed copy of the page that contains the necessary information, or send an electronic copy of your policy to the academic coordinator (forwarding the email with the pdf attachment of the policy that the insurance company sends you).

Most students obtain Student Liability Insurance through [APA Insurance Trust](#). The student policy is \$35.00 annually.
