spell out what JSMAC means on the poster

sending the poster out electronically

student e-news will go out on Dec 2
want to be able to sign up student members when they come to see the movie -
where can be do that
might be best to do popcorn and soda in the lobby and have the sign
up there
start to take over the visitor services desk for the second half
staff the food/membership table with JSMAC people
have something there saying what the membership entails - a reason the
membership is at the table
Debbie has a generic benefit sign that we can take on and redesign
can print up to 11x17
sign can be taken to tabling events
Tabling event is from 1-7pm (Dec 3)
couple hours in different shifts
Raffle and door prizes need to be figured out
Blog - leadership positions, minutes, JSMA links - Still primping it
blogs.uoregon.jsmac
Separate posters for stressless and movies? or no?
thoughts that they could be tied into together
but its a JSMAC event so not sure about this
to have one of the activities be the writing on the board for Robin
Williams
ties into arts and healthcare - sketching can be tied into this as
well
makes sense to put it all on one poster because it makes it more
marketable as an event
film company sent all the graphics so Debbie will send them to Emma
poster will be an 11x17
Debbie will be making Facebook events for these dead week events
Emma and Stacey work together on a membership poster
Sarah sent out an email to fill out the doodle once you know your winter
schedule so we can decide on meeting times
Everyone try and come to all of the events and bring people if you can
have to be a student to attend the stressless and night at the museum
marketing only on campus
Evaluations on how the events go - do this online or on the phone?
QR code for this?
December 3rd and 5th availability (Bridget is free) (Nori is tentative on Slam Poetry)
(Andrea is free) (Emma is free) (Lena is checking her schedule, most likely free)
(Shannon is free) (Cait is free in the afternoon on Wed and after 5 on Friday) (Stacey
is free)
Couple things planned for the spring
April - performance art night
this was the biggest success last year
No meeting on Thanksgiving
Do meet December 4th where we will go over details for the Dec 5th event
In the winter and spring once we have a schedule set, Sarah will set up more speakers
Sophie cartoon work - cool event on its own
JSMAC events are Wednesday evenings for winter and spring
1 in winter and 1 in spring
themes for this
how to ask for submissions
take place in the student lounge
Valentine's day Sophie art show
Instagram walk
is it possible to do a hashtag?
might be challenging
could be new feeds on instagrams
search a hashtag on a website and all the pictures on instagram show
up
digital exhibitions
Sketching - groups
temporary displays in the student lounge

responds to the current exhibition that is in the museum at the time
plan ahead and see what is in the museum during that time and what is
a theme to pull from the exhibition for a student response
could be things people made at the time or past works

Instagram ideas - Emma

modeling after what the Toledo museum of art does
instagram meet up where anyone interested comes
had people come and take their own photos and submit them
could have them printed or digitally displayed
Doing one with tattoos on campus
an exhibit of student tattoo art
have a class and have someone talk about tattoo art
research on tattooing

Student Open Forum

students can perform or present in the student lounge space
students would be able to engage with their research
struggle to find undergrads who are that far along in their research
so maybe don't leave graduate students out
SOAR - Southern Oregon Arts and Research
Symposium that UO presents
EMU hosts this
Can JSMA partner with this?
Or can we do one specifically focused on the arts?
Colloquium or forum - need to think about what would make it distinct
bring together people in A&AA?
ELAN as a partner

Emma - Drag performance research

feature it in the student forum?
people interested in putting it on from JSMAC?
Need film done before spring term
project it on the wall
could make a loop of certain footage that could run all of the time
Have it done by April 22nd? Yes
Incorporate it into performance art night

Tabling shifts will be available soon and Sarah will schedule and give materials

Set up for Slam poetry around 5 or 5:30ish

Marketing materials through media primarily

Edited version of poster for Sarah by Thursday
