

# ATTRACT PEOPLE BACK:

## Why

More than give them a nice place with landscape , we should renovate the main street . People should have more activities here. Now we have firms which are not open to the public. There are a few small shops that could not attract people back.

Maybe we can create a comic story along the main street.

# ATTRACT PEOPLE BACK:

## How

We have five scenes along the main street. the five plaza should be rebuilt. Maybe the dark horse will provide us the story. At the end of story , we want to create a comic museum just near the school.

It will be a wonderful trip for people from porland or far away.
