Noon, 240D Willamette Hall

UO Master’s Industrial Internship Program

What Makes It Special:

- You can earn between $3000 and $5400/month as an intern.
- Historically, almost 90% of our interns receive regular job offers from their host company.
- The majority of students finish their MS in just over a year.
- Three tracks to choose from:
  - Photovoltaic & Semiconductor Device Processing
  - Polymer Science
  - Optical Materials & Devices

Loveprit Singh
BS: Chemistry/Math UO  
MS: Chemistry, UO  
Semiconductor Emphasis  
Internship - Microchip

Ashley Tilson
BS: Chemistry, U. Washington  
MS: Chemistry, UO  
Semiconductor Emphasis  
Internship - FEI

Jake Burbery
BS: Chemistry/Materials Science, Western Washington Univ.  
MS: Chemistry, UO  
Polymer Emphasis  
Internship - Willamette Valley Co.

Maya Baranouskas
BS: Pharmaceutical Chemistry, UC Davis  
MS: Chemistry, UO  
Polymer Emphasis  
Internship - Bend Research
