Section	Change / Description
	--Addition of "as necessary" to clarify that the committee is not required to seek more information if they do not feel it's necessary
Section V.B	--Non-substantive language changes for clarity and grammar
Section V.C	--Inclusion of University Senate in the confidential nature of this work. This was implied through the use of executive session in Section IV.D, but this further emphasizes the importance of the confidentiality for individual members
Section V.E	--Threshold of passage in the University Senate changed from a vote of two-thirds to a majority --Clarification that the vote is of members present
Section V.F	--References to the president not receiving information about those who do not get enough votes was removed; the president is already in the loop on all individuals considered by the Senate by virtue of his/her role as chair of the HDC. Further, information about failed votes may prove informative to the president or the HDC in further deliberations.
Section V.G	--Establishes a sunset on how long a nominee may sit in the "pool" to ensure routine review; includes language that if a nominee sunsets, they may be placed back in the pool pursuant to the standard processes.
Section V.H	--Clarification that president selects from the pool ("candidates" didn't seem like the right word) --Removes references to SBHE/OUS and their detailed procedures on timing
Related Resources	--Once established, a link to the HDC page will be included in the related resource section. Will also include links to any other awards or recognitions this committee is used to consult about or vet (e.g., distinguished service awards)
